1. At the Executive Committee Meeting this morning:

2. John Tietjen talked with me about the problem with which he is faced because DD/P is cancelling a number of overseas medical positions. He also left with me a paper putting forth a recommendation for the long-range handling of medical personnel. I told him that, while I was sympathetic to the principle which he espoused, I found myself unable to approve it because it would be meaningless without coordination with and the concurrence of Mr. Kirkpatrick. I promised to pursue the matter, however.
